Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant's representative initiated a telephonic interview with the examiner of record and her spouse. Applicant's representative discussed the arguments in the response of paper #, date 8/5/03, with emphasis on Applicant's invention being a natural product and the Commercial Success Declaration. The examiner pointed out the deficiencies of the declaration and why it was not persuasive. Also, in view of Parker reference the examiner does not construe regenerated leather as a "natural" leather product.
